

This file contains useful information for both Grants and Awards, at both the District and PI level. For some items at the PI level, changes have occurred in this past year, and for others they remain the same as ever. This is just a document to keep everything in one place. If you find that I have left something out, please do not hesitate to contact me so that I can include it.

- Signatures on forms can no longer be typed. They will not be accepted if you type your name as a signature. It either has to be printed, signed, and scanned; or have an electronic signature.
- Each form details who you should send your form to, and the date that it is due. When you send in your form, also copy the District Governor, Karene Henson, [rkchenson@outlook.com](mailto:rkchenson@outlook.com) . Please keep in mind that there is a difference between the forms for District Awards and Grants, and Pilot International Awards and Grants.
- For PIFF Forms, they will request that you get PIFF review and approval before you send to PI (and District Governor). In that event, your District PIFF Representative is Peggy Harris, [gooderharris@gmail.com](mailto:gooderharris@gmail.com) . Please give her at least one week before the form is due to review and sign.
- For awards, Anchor due date is February 1, 2024, and the Pilot due date is March 1, 2024. The awards jury chairperson is:  
Claire Plott, Chair  
1115 Sawyer Drive  
Opelika, AL 36801  
251-978-5017  
[cgplott@gmail.com](mailto:cgplott@gmail.com)
- The forms for District Awards and Grants can be found at:
  - <https://www.alabamadistrictpilot.com/>
  - Forms (upper right) for COMPASS, Anchor, and Pilot
  - COMPASS Award Forms are available under COMPASS Heading
  - Anchor Heading
    - Link for Awards and Scholarship – Pilot International: These are links to PI forms, not District
    - Link for Additional Alabama District Anchor Club Forms and Resources includes Award Form Links
  - Pilot Heading
    - Additional Forms and Documents for Pilot/COMPASS
    - Heading: Alabama District Awards and Scholarships
- The forms for Pilot International Awards and Grants can be found at:
  - <https://www.pilotinternational.org/>
  - Members / password = truecourse
  - Yellow Button Awards will give you links to Awards for Pilots and Anchors

- To find Grants and Scholarships, you will need to type grants in the find section (where it says title below the yellow buttons) and it will give you an option of going to Grants and Scholarships. It says it is taking you to Grants and Scholarships immediately below Members, but I did not find a button for it. This new website is SO much better to get around in, but this is one idiosyncrasy that I have found.
- There are yellow buttons specific for Anchor and COMPASS. These will take you to resources specific to each type of club. These resources include Awards.

That is all I can think of for helpful resources. As I've said, the new website for Pilot International really is wonderful, and I hope you feel the same. I used to get a bit frustrated looking for things, and I had no trouble finding what I needed this time. The District Website should look new to you as well, and I love it as well! There are a lot of updates to forms this year, so be sure to go to the appropriate place and download. Don't just use last year's form. I'm wishing everyone best of luck on your entries. Most importantly, I am excited about the wonderful work you are doing throughout the state of Alabama!
